This peer-reviewed journal is an official publication of Premier University, Chittagong. Opinions and views expressed in the articles published are the authors' own and do not necessarily reflect the ideas of the editorial panel.

Editorial

University is 'knowledge factory'. University education should be properly backed by research and it is obvious that teaching and research must go side by side at university level to keep a congenial knowledge creating environment. Emphasizing the fact, the great researcher, renowned social scientist and Honorable Vice Chancellor of Premier University, Professor Dr. Anupom Sen created an avenue for the faculty members and took initiative to publish the journal 'Premier Critical Perspective'. Former Dean of Faculties Professor Dr. Iftekhar Uddin Chowdhury had initially started the journey, but for his important assignment to Chittagong University as Honorable Vice Chancellor, present Editor excitedly took the responsibility. And it is great pleasure for the Editor to say that eventually the Premier Critical Perspective, Volume 2, Issue 1, 2016 is just coming out of the press. The Editor is sorry to say that he was delayed for some unusual circumstances.

This volume contains as many as fifteen articles. Editorial Board followed the standard procedure of selecting every article by referring it to reviewer for comments. The authors were asked to revise their articles in light of referees' comments wherever needed. Thus, every selected article had to pass through a rigid selection process. However, it is the honorable readers who would judge the quality of the articles.

The editor praises and congratulates the authors for their successful research efforts. He is really grateful to the expert reviewers for their sincere cooperation and thankful to the university authority for its financial support. The editor is thankful to all the offices of Premier University for their cordial cooperation. The editorial board, whenever required, extended its full cooperation and the editor gives them whole credit for the successful completion of the publication. Finally, the editor takes all the blame for any fault that might be there in the journal.
